A Review Of Canada's COVID-19 Pandemic Response

- **Canada Emergency Response Benefit, Canada Recovery Benefits and modified Employment Insurance** provided 15.4 million Canadians with added financial security

- **Canada Emergency Wage Subsidy** helped protect over 5.3 million jobs nationwide, while the **Canada Emergency Rent Subsidy** helped over 189,000 organizations with their rent

- Secured access to approx. 429 million doses of **COVID-19 vaccines** from a variety of producers, invested nearly $8 billion to procure and domestically produce PPE

- **Emergency Community Support Fund** helped 18 Ajax not-for-profit organizations, and the **New Horizons for Seniors Program** helped 14 Ajax not-for-profit organizations that provide services and programs for our seniors

- **Canada Emergency Student Benefit** provided financial relief for students, while Canada **Summer Jobs Program** funding for Ajax was expanded, and program length extended, in 2020 and 2021 to provide more youth the chance to develop job and career skills

Through **Budget 2021** our government laid out plans to help Canada build back better with personal and business supports, aggressive climate targets and social justice initiatives. With your support we will continue to help Canadians through a robust and comprehensive post-pandemic recovery.
